Deterministic and memory terms
estimated error
Riccati sup error
memory L^1 error
$\|K_\varepsilon - K\|_{L^1(0,T)}$
Fixed Fourier cutoff $R = 20$
$\|\vartheta_{\varepsilon,R} - \vartheta_R\|^2_{L^2(S)}$
$\mathbb{E}\sup_t |G_{\varepsilon,R} - G_R|^2$
$\|K_\varepsilon - K\|_{L^1(0,T)}$
Fourier diagonal
strategy component
capital component
total squared distance
$(\varepsilon/T, R)$
